SPONSORSHIP SUMMARY

HYDERABAD | FIRST EDITION

Put your brand at the heart of live music.

01 THE IDEA

Every band has a story. Every story needs a stage. RITHMOS is that stage: an Indian live-music property designed to discover, celebrate and elevate bands. Hyderabad hosts the first edition, with a long-term vision for regional editions across India.

Built to create a property, not just a one-night event: a platform where bands rise, audiences connect and brands participate across multiple touchpoints.

02 THE JOURNEY

A competition with a clear build-up to the big night: band registration, live preliminary rounds, semi-finals and a Grand Finale. Five finalist bands. One RITHMOS winner.

The journey itself becomes part of the brand story: live venues, live audiences, live content and a high-impact finale.

03 THE AUDIENCE AND THE SOUND

Built for India's music-loving audiences. The first edition will be held in Hyderabad and will feature Telugu bands performing in Telugu and Hindi. Future regional editions may celebrate other language markets under the RITHMOS master brand.

04 LIVE IN HYDERABAD. WATCHED EVERYWHERE.

A high-energy venue experience with on-ground brand visibility, audience engagement and live activations, extended by a planned YouTube Live broadcast to viewers across India and around the world.

Performance highlights, band stories and post-event content can extend brand visibility beyond the live date, subject to agreed rights and distribution.

05 FOUR PARTNERSHIP TIERS

Powered-By Partner: supporting or co-headline association with selected event and stage placements.
